

OCEAN STORIES

Create a story while demonstrating knowledge on the ocean

GRADES 3-5

STANDARDS

- SCI.4.3.3
- SCI.5.3.1
- SCI.6.3.1
- SCI.6.3.5

OBJECTIVES

• Students will be able to write a coherent story about ocean life using knowledge about ocean food chains and ocean animal species.

PROCEDURE

• Have students complete the story while incorporating accurate ocean animal behaviors.

RECOMMENDED ASSESSMENT

• Check students' work for correct grammar and accuracy.

EXTENSIONS

- Decorate your classroom to resemble an ocean habitat. Have students draw colorful fish, corals, and ocean creatures. Hang them as mobiles around the classroom. Create a reef on the bulletin board.
- Have students write multiple stories from different animal species in the ocean. For example, have students write about being a shark, jellyfish, sea turtle, whale, or plankton. How are their lives different?

OCEAN STORIES

Write a story about the ocean. The first sentence of the story has been started for you.

IF I LIVED IN THE OCEAN
